UNAUDITED RESULTS FOR THE QUARTER ENDED 31 DECEMBER 2023

Introduction

Dear Shareholders,

We hereby present the unaudited annual results of Tanga Cement Public Limited Company ("Tanga Cement" or the "Company") and its subsidiary (together, the "Group") for the quarter ended 31st December 2023.

Due the escalating competitive dynamics prevalent in the industry, the inadequate electricity provisioning, and the scarcity of major foreign currencies like US Dollars and Euros in the money market, the operational performance of the group has taken an unfavourable turn compared to the corresponding period in the prior year's fourth quarter. The Financial and Operational Overview below provides a comprehensive overview of the group's performance.

We affirm our commitment to all stakeholders through our high-quality cement and clinker, and our contribution towards the sustainable growth and development of Tanzania, a demonstration of our brand - "Strength Within".

The company has deployed the highest standards of health and safety protocols across all its operations and continues to enforce safety at the workplace to protect our employees and contractors.

Macro-economic Overview

The Group's growth hinges on Tanzanian construction industry demand for cement, supported by improved economic performance with a 5.3% GDP growth in 2023. Despite a slight decline in the inflation rate to 3.0% (Q3 2023: 3.3%), infrastructure investment and a growing consumer base are primary performance drivers. The Group is optimistic about the Government's Development Vision 2025 program's positive impact on infrastructure development, expecting continued momentum in 2024.

Financial and Operational Overview

During the fourth quarter of 2023, the company experienced a 17% decrease in sales revenue, amounting to TZS 45.7 billion. This contributed to a 22% reduction in gross margin. This was primarily attributed to diminished sales volumes resulting from an overall decrease in cement demand in the country and maintenance requirements to our major production units, which were necessitated by frequent electrical power disruptions and voltage fluctuations.

The Group's overall financial performance for the fourth quarter of 2023 reflected a loss before tax amounting to TZS 32.9 billion, compared to a loss of TZS 14.9 billion in the corresponding period of the previous year. The pre-tax loss is primarily attributed to interest expenses on term loans and adverse foreign exchange fluctuations, influenced by the weakening Tanzanian Shilling against the US Dollar. Cash generated from trading activities experienced a decrease of 33%, which can be attributed to the increased expenditure in maintenance and comparatively low sales volume during the quarter. working capital loan facilities. Despite these challenges, the Group remains committed to its sales, logistics, and cost optimisation initiatives, maintaining a positive outlook for 2024 amidst a competitive landscape and global geopolitical unrest.

Dividend

The company did not declare an interim dividend to shareholders in 2023 to remain prudent with available cash resources in order to remain sustainable through the global economic uncertainties and the high fuel prices coupled with pronounced scarcity of major foreign currencies affecting the local economy. The board has decided to continue committing available cash generated to operational commitments.

Proposed acquisition by Scancem International DA

Shareholders are reminded of the announcement regarding the proposed acquisition by Scancem International DA of 68.33% of the shares in Tanga Cement PLC from Afrisam Mauritius Investment Holdings Limited on 27 October 2021 and the update issued by the Company on 24 April 2023.

On 10 November 2023 an Extraordinary Meeting of Shareholders approved the transaction by a significant majority vote and the parties have concluded the transaction with effect from 27 November 2023.

The resulting acquisition of the controlling shareholding in Tanga Cement PLC by Scancem International DA, a subsidiary of the Heidelberg Materials group will allow Heidelberg Materials to further strengthen its long-standing presence in the cement industry in Tanzania, unlocking value for our present and future shareholders, our employees, customers and other stakeholders.

Tanga Cement remains grateful to its staff for their passion and dedication to the company, and to its customers for their belief in the Simba Cement brand, as the company works to achieve its short- and long-term growth strategy.

With Tanzania remaining a significant player in the East African construction market, cement output is anticipated to increase and Tanga Cement is well positioned to take advantage of the growth opportunities in the regional market.

For and on behalf of the Board

Hakan Gurdal Chairman of the Board
